

COLLEGE OF ENGINEERING
COLLEGE INDUSTRIAL PARTNERS AWARD,
CORPORATE DIVISION FOR 2014

Citation

IN HONOUR OF

VOLTA RIVER AUTHORITY

Volta River Authority, (VRA) you were established in 1961 as the national power generation company, but you now combine hydro, thermal and solar plants to generate electricity to supply to the local and export markets. You have been a key partner in the training of our young future engineers in the College for several decades.

In order to assist us produce high quality electrical engineers, you have consistently provided placement for and supervised our civil, electrical and mechanical engineering students during their vacation training.

Recently you donated power quality analysers to augment the laboratory equipment used for the training of electrical engineering students. You have supported us with transportation for our research activities and in organizing our College of Engineering Research Retreat.

For these and other support activities, the College of Engineering awards you with the College Industrial Partners Award, Corporate Division for 2014.
