

## **ADVERTISER'S ANNOUNCEMENT**

### **250MW KUMASI 1 THERMAL POWER PROJECT**

The Volta River Authority (VRA) intends relocating the AMERI Power Plant from its Aboadze base in the Western Region to a site adjacent to the GRIDCo K2 BSP 161kV/330kV substation at Anwomaso in the Oforikrom Municipality of the Ashanti Region. The project which is known as the ***“Kumasi 1 Thermal Power Plant Project”*** is intended to optimize electricity generation and improve supply reliability to meet electricity demand growth in the middle belt of Ghana. In line with the EPA Act 490, 1994 and the LI 1652, 1999, the VRA has submitted a draft Environmental Impact Statement (EIS) of the proposed undertaking to the Environmental Protection Agency for review.

Notice of the proposed ***“Kumasi 1 Thermal Power Plant Project”*** is hereby served for public information, as required under the procedures for the conduct of an Environmental Impact Assessment Study in accordance with Regulation 15(1) of LI. 1652.

Copies of the draft EIS are available at the EPA offices in Accra and Kumasi as well as on the VRA's website at [www.vra.com](http://www.vra.com).

Any person(s) who have an interest, concern, or special knowledge relating to potential environmental effects of the proposed undertaking may contact or submit such concerns, etc., to:
