FAKE RECRUITMENT INTO VRA BY FRAUDSTERS

It has come to the attention of the Management of the Volta River Authority (VRA) that some unscrupulous persons are reaching out to members of the public regarding a purported recruitment exercise by the VRA.

These fraudsters are requesting the unsuspecting public to buy a fake application form for Three Hundred Ghana Cedis (GHS 300.00).

The Management of the VRA wishes to caution the general public that the Authority has no knowledge of these persons and their fraudulent activities. The general public is therefore advised not to fall prey to such fraudsters whether they claim to be VRA employees or not. Anyone who transacts "business" with these fraudsters does so at his/her own risk.

The general public is so advised.
