The 2022/2023 Batch of Management Trainees of the Volta River Authority (VRA) has recently made a donation to the Akuse Methodist Primary School (AMPS) in Akuse, one of the communities impacted by the operations of the Authority.

The gesture came after a needs-based assessment was conducted by the trainees as part of their lectures during their training on the Authority's role in developing its impacted communities through Corporate Social Responsibility.

Mr. Percy Ampeh, a member of the Management Trainees who led the presentation said it was necessary for them to start the donation in Akuse, where they had begun their journey as employees of VRA.

Speaking on the donation, Mr. Kingsley Gyamfi, Chief Learning Officer, VRA Academy said the gesture to the best of his knowledge had never happened before. "This is the first time that newly employed staff under training are doing such a thing", he said. He also commended them by adding that, their donation to the school was proof that, it is possible to do modest things which have great impact on the lives of people.

Present at the presentation were the Headmistress of AMPS, Madam Mary Caesar, the Chairman of the School Management Committee, Mr. Tagoe, a team from the Ghana Education Service (Akuse), a team from the VRA made up of, Dr. Kuntu- Blankson, Madam Rita Sosuh, Mr. Alfred Okang, Mr. Kingsley Addai and Ms. Bernice Yaa Nyarkoa, together with some teachers of the school.
